MEMORANDUM FOR THE RECORD		DATE 14 June 1978
SUBJECT [REDACTED] 25X1A	FILE NUMBER	
<p>P&amp;PG/OS called and expressed concern that subject does not provide for guidance and assistance in the preparation of a written summary of employment for those persons who leave in absentia. OS suggests that para 2b(1)(a) be modified to read "specified in paragraph 2a(1)(a), (c), (d), and (g) above."</p>		
22 June 1978		
<p>On this date, the Security Officer for the DCI called and commented that the handbook did not specifically provide for debriefing of individuals holding special access approvals. WRITER'S NOTE: The OS External Activities Branch now debriefs holders of the various Special Compartmented Information access approvals. A phase of the debriefing is signing of one or more Secrecy Agreements in accordance with the requirements set by the wonderful world of compartments within compartments. Responsibility of OS, as set forth in subject, includes Secrecy Reminder Agreements. These are not concerned with SCI, so the SO/DCI has a point in that the handbook does not cover all phases of exit processing. The matter at issue should be resolved with/by OS and not the SO/DCI.</p>
